EST&P

**MEPMA/EST&P/2016/36/D1, dated: 15-05-2017**

Sir/Madam,

Sub: MEPMA-EST&P- Installation of Closed Circuit (CC) cameras in all training Centers – by 25-05-2017- Orders issued-Reg.

\*\*\*\*

It is observed that the skill training program under EST&P, in some of the training centers is not being imparted as per the objectives of the program and necessary action has been taken against these training centers already. In view of controlling these mal practices by the skill training providers it is decided to install the Closed Circuit Cameras in all the class rooms and practical labs to monitor the programme effectively.

In view of this you are instructed to install CC Cameras in all the class rooms and practical labs before 25<sup>th</sup> of May, 2017 without delay and those STPs who have not complied this would not be allowed to implement the programme in the existing training centers where training is undergoing at present.

Further, you are instructed follow the following specifications;

- Online visibility of the classes
- Net work video recorder (NVR) Cameras with audio.
- Cameras should be minimum of 2 mega pixel quality.
- IP address should be submitted to MEPMA with their user ID and log-in password.
- 4 MBPs internet speed.

Further, you are informed that the training centers which are not installed by 25<sup>th</sup> of May, 2017 would be cancelled.

  
for MISSION DIRECTOR

Copy to the Project Directors of MEPMA to ensure all Training Centers should comply the instructions and install CC Cameras by 25<sup>th</sup> of May, 2017.
